Dear Dorothy,

I have just learned of your decision to make the transfer of title to your Progress property to the Council, hopefully by December 31, 1993. Your pledge to do so three years ago was very exciting and I know you are pleased to see it consummated.

Be assured that our Council will reimburse you for any and all costs if you require new property appraisal.

After the first of the year, I hope we can have lunch and again discuss opportunities to recognize Les and you for this and all your many extraordinary services to the Boy Scouts of America.

Meanwhile, I stand ready to assist you in any way possible with your Progress property project.

My warmest best wishes to you and your family for a memorable holiday season.

Sincerely,
